

WAITLISTING

Waitlisting is a feature in Banner that allows you to get “in line” for courses that have filled or closed. This automated process notifies you, via your Buffalo State Gmail, when a spot has opened up and it becomes your turn to register for the class.

HOW TO KNOW IF A COURSE HAS A WAITLIST OPTION

- Log into Banner and select “Search for Classes”.
- If you see numbers below the column listed as **WL Cap** (Waitlist Capacity—which is the maximum number of seats available for waitlisting), **WL Act** (Waitlist Actual—which is how many students are actually on waitlist), and **WL Rem** (Waitlist Remaining — which is how many seats are still available for waitlisting), this means that there is a waitlist on the section.

ADD YOURSELF TO A WAITLIST

- Log into Banner and select “Student”.
- Select “Registration”.
- Select “Add or Drop Classes”.
- Select Term and Click on “Submit”.
- Add the CRN to the worksheet and choose “Submit Changes”.
- The result produces a Registration Add Error:

Example: “Closed — 0 Waitlisted” (means that the course is full and there are no students on the waitlist) or “Open — Reserved for Waitlist” (means that there is an open seat but it is reserved for a waitlisted student who is at the top of the waitlist).

- Choose “Waitlisted” in the drop-down menu under the action column.
- Choose “Submit Changes”.

VIEW YOUR PLACEMENT ON THE WAITLIST

- Log into Banner and select “Student”.
- Select “Registration”.
- Select “Student Detail Schedule”.
- This will verify that the course is waitlisted, the date you placed yourself on the waitlist, and your priority position on the waitlist.
- There is no “Notification Expires” information because a notification is only sent when a seat becomes available in the class. Once a notification is sent there will be an expiration date.

WAITLIST NOTIFICATION

When a seat becomes available in a waitlisted class a notification is automatically sent via email to your Buffalo State Gmail account. This email lets you know that a seat has become available in the waitlisted class, and that you need to register for the class before the stated deadline (Date/Time), or the seat will be offered to another student.

When you receive a notification that a waitlisted seat has become available, you must:

- Log into Banner within the 24-hour timeframe.
- Find the waitlisted class on your schedule (in the Add or Drop Classes worksheet).
- Select “**Web Registered**” from the drop-down menu.
- Choose “Submit Changes” to register for the open seat.

IF YOU PUT YOURSELF ON A WAITLIST YOU MUST CHECK YOUR BUFFALO STATE GMAIL EVERY DAY OR YOU MIGHT LOSE YOUR SPOT!

WAITLIST TIPS

- You can be waitlisted for multiple courses, but not multiple sections of the same course.
- While on the waitlist, you should check your Buffalo State Gmail at least daily.
- Email notifications are sent when a seat becomes available—primarily due to another student dropping the class, or by an increase in the class quota.
- When you are notified of any opening, you are also informed that there is a 24-hour time limit to register for the class before it is offered to another student. During this 24-hour period no other students will be able to register for the available seat.
- If you are on a waitlist and are notified via Gmail of an available seat, but do not register within the 24-hour timeframe, you will be removed from the waitlist and the available seat will be offered to another student.
- To get back on the waitlist you must re-register for the course’s waitlist.
- Waitlists will be turned off on the second day of the first week of classes (drop/add week). When waitlists are turned off students will not longer be able to put themselves on a waitlist. However, students who are already on waitlists will continue to have an opportunity to register for the class if a seat becomes available before the end of registration for the term.

- Do not reply to this email. If you wish to register for the course, and you believe you are eligible, you may request an override for this error by forwarding this email message to the instructor at their email address provided. **All correspondence to faculty members should be done from your Buffalo State student Gmail account.**
- Please give the instructor time to process your request. The instructor should contact you to inform you of your override status.

ADVISING AND ALTERNATE PINS

All new incoming transfer students must complete the "Transfer Pre-Advisement Tutorial". Upon completion, you will receive the "Access Code" necessary for course registration. Please refer to: <http://orientation.buffalostate.edu>.

All undeclared students and some undergraduate students will be required to enter an additional "Advising PIN" to add or drop classes.
